REQUESTING SPACE

- Use the “Summary” box to provide the administrator with additional information about your request such as
 - Flexibility on time/range of time
 - Flexibility on space and priority of requests

SEARCH

- Use “SEARCH” to filter events by
 - START DATE and/or END DATE
 - KEYWORD
 - CATEGORY: type of event, campus organization, etc
 - LOCATION: Where in TAPS facilities is the event located
- “Select Multiple” in both CATEGORY and LOCATION to do a more complex search.
- Include the CATEGORY “Academic Calendar” to see the weeks of the quarter, first day of classes, and holidays.
- Searches are additive so if you search for one space and then search for a second space both will appear on the calendar unless you CLEAR between searches.
